

High Vis Vests

We have been very lucky to have received funding from the Hawarden Lions for high visual vests. My original intention was to use the vests for trips and bus children, for safety reasons. There has been a suggestion to make the vests a compulsory part of the uniform for getting to and from school. I'd like to find out what parents think about this. These will be compulsory for bus students.

Please fill in the quick survey below—cut out and return to school

I think High Vis vests should be:

tick

Compulsory (for all children)

Optional (for non bus children)
